

Louis BOLATRE

Senior Product Manager

Summary

Senior Product Manager with 6+ years of experience across startups and scale-ups (FinTech, Crypto, FoodTech, Mobility, AI).

Fast discovery, delivery, and high-business-impact products in complex environments.

Track record: launching revenue-generating features, building products from scratch, optimizing delivery, contributing to product strategy, and understanding & structuring business models.

Key Achievements

- SWAP feature at Ledger → 70% of Ledger Live's revenue
- Network expansion via Spark Alliance at Electra → 4,000 → 11,000 accessible charging stations
- Built 2 apps (B2B & B2C) from scratch at Pyxo — post-Series A
- Reduced time-to-production at Calldesk: 6 months → 2 weeks

Experience

Thiga — Senior Product Manager Consultant

2024 – Present

Product Management consulting in scale-up environments

- Fast discovery & delivery with full ownership from day one
- Aligning stakeholders & teams around an impact-driven product vision
- Optimizing product organization (process, methodologies, AI usage)
- Internal & external training (Thiga Academy) — Senior PM & Discovery topics

↳ Kolecto 2025

SaaS FinTech pre-accounting for small & mid businesses (Crédit Agricole subsidiary)

- Sales squad: quotes, invoices, customer directory, product catalog
- Sector discovery (agriculture & construction), roadmap differentiated from competitors
- Quotes & Invoicing module overhaul · anticipating 2026 e-invoicing regulation
- Team: 7 devs, 1 EM, 1 designer

↳ Electra 2025

Fast EV charging network — GreenTech

- Roadmap & user research: B2C mobile app (iOS/Android), Android Auto app
- Localization, filters, search & payment improvements — pre-charge experience
- Spark Alliance integration: 4,000 → 11,000 charging stations
- Smart EV trip planner discovery
- Team: 5–8 devs

↳ Ledger 2024

Ledger Live — Crypto & blockchain security

- Delivery of the SWAP feature (desktop B2C) → 70% of product revenue
- DEX partner integration (THORChain) — opening new revenue streams
- DEX Bridge discovery: scoping, user research, definition & prioritization
- Team: 6 devs, 1 EM

Pyxo — Product Manager

Dec. 2021 – Apr. 2023

FoodTech · Reusable food containers for restaurants · Post-Series A

- First PM post-funding: structured product vision & roadmap based on user research
- End-to-end delivery on 2 apps (B2B Sunmi/Android + B2C)
- Key accounts: McDonald's, CROUS, Sushi Shop, Metro + independents
- Contributed to product leadership: business models, profitability
- Team: 5 devs, 1 CTO/EM, 1 designer

Calldesk — Product Manager

Oct. 2019 – Dec. 2021

B2B low-code SaaS · Conversational AI · 24/7 callbots

- PM for a no-code callbot platform · hybrid PM / pre-sales role: call center diagnostics
- Reduced time-to-production: 6 months → 2 weeks (2 devs + 1 CSM → 1 CSM)
- 50+ user interviews · contributed to closing key account contracts
- Team: 4–7 devs
